

PROJECT UPDATE

December 7, 2018

HAWTHORN RESERVE CREEK UPGRADE

Construction works have commenced to increase the stormwater flow capacity of Brown Hill Creek through the Soldiers Memorial Gardens and JW Morris Reserve in Hawthorn.

The "Hawthorn Reserve" creek upgrade, supported by the City of Mitcham and the local Mitcham community, is being integrated with nearby new library facilities and improvements to the amenity and environment of the surrounding park being carried out by the council.

Importantly, the works have been designed for the enjoyment of the local community, as well as serving a critical flood mitigation role.
